District Attorney and Lieutenant's Former Counsel Say "Dago Frank's" Confession Is Worthless in Court

HARRY VALLON ALSO NOT AFFECTED BY STATEMENT Italian Says Informer, "Gyp," and "Louie" Killed Rosenthal - He Knew Murder Plans, but Did Not Take Part

(By Associated Press.)
NEW YORK, April 14.—The confession of "Dago Frank" Crofco, made a few hours before he was executed for the part played in the murder of Herman Rosenthal, will not be permitted to interfere in the plans of District Attorney Charles S. Whitman to conduct a trial of former Police Lieutenant Harry Vallon, who is charged with the murder of Rosenthal, or in the prosecution of Harry Vallon.

Whitman District Attorney Whitman was issuing a statement today declaring that he showed the confession of "Dago Frank" Crofco, before he went to the chair would get rather than hinder the prosecution in the case of Harry Vallon.

Whitman said that he had not seen the confession of "Dago Frank" Crofco, but he was sure that it was worthless in court.

Petition of Matteawan Fugitive Granted by Judge Aldrich of United States District Court in Concord

(By Associated Press.)
CONCORD, N.H., April 14.—Harry K. Thaw's petition for a writ of habeas corpus was granted by Judge Edgar Aldrich of the United States district court today.

The court said, however, no order would be issued for the prisoner's discharge from custody until arrangements had been completed to take Thaw to the United States supreme court on appeal.

The decision discussed exhaustively the various phases of the case presented by Thaw, and in the prosecution of Harry Vallon.

It was held that Thaw's flight from Matteawan was not a flight from justice, but a flight from a flight contemplated by the constitution as a basis for extradition.

It has been understood from the beginning, the court says, that whatever was this case was decided by a majority of the court.

Therefore, no formal order will be made until the court has decided on the discharge of Thaw.

It would be the duty of the court to grant Thaw's petition for a writ of habeas corpus, but it is not the duty of the court to grant Thaw's petition for a writ of habeas corpus.

JUDGE A. W. FITE MAY ENTER GOVERNOR'S RACE

States That His Platform, If He Runs, Will Be Enforcement of Law

(Special Dispatch to The Journal.)
CARTERSVILLE, Ga., April 14.—Before leaving home for Dalton, where he is holding court this week, Judge A. W. Fite said "I am thinking of running for governor, and if I do, the main plank in my platform will be the enforcement of the law."

"I am a progressive prohibition Democrat," and a respect a very vigorous enforcement of the law, and every one should be impartially and vigorously enforced, especially the prohibition law, which is being openly, notoriously and shamefully violated in our large cities.

The law says, "It is the duty of the governor to see that the law is executed. If I were governor I would keep my oath of office and perform that duty."

Woodward acting chairman of the board, will take the oath and assume the duties.

Mr. Felter will leave for Macon on Wednesday evening and will immediately open up headquarters and begin an active campaign to secure the support of the late Senator Bacon. He plans to speak in many of the counties of Georgia before the primary on August 5.

It is quite possible that the voters of Fulton county will have an opportunity to hear him.

AMERICAN FLAG; UNITED STATES PREPARES TO BACK UP ADMIRAL MAYO'S DEMAND THAT AMERICAN FLAG BE SALUTED AS AN APOLOGY FOR UNWARRANTED ARREST OF YANKEE MARINES IN TAMPOCO - ORDERS FOR MOVEMENT OF SHIPS AND MEN COME FROM SECRETARY DANIELS FOLLOWING A MEETING OF CABINET

(By Associated Press.)
WASHINGTON, April 14.—A general concentration of the Atlantic fleet at Tampoco has been ordered today by Secretary Daniels after a cabinet meeting. President Wilson laid before the cabinet the necessity for backing up the demand of Rear Admiral Mayo that the American flag be saluted by the Huerta commander.

The cabinet had discussed the situation in a two-hour meeting and the general consensus of opinion was that the Washington government should insist on a salute. After the meeting there was a conspicuous silence on the part of all officers and Secretary Daniels hurried to the navy department where he prepared a memorandum of naval orders.

It is estimated the constitutional fleet at the present time consists of 3,000 ships and approximately 3,000,000 men.

NO ULTIMATUM ISSUED YET.
Officials said that while ultimatum had been issued to the Huerta government, the mobilization of the fleet at Tampoco was intended to put the United States in position to enforce one should the ultimatum development make it necessary.

A statement issued by Secretary Daniels follows:

PLANT IS ORDERED.
"Secretary of the Navy Daniels this afternoon sent orders to Rear Admiral Mayo, commanding the Atlantic fleet, to proceed at once with all the ships of the fleet to Tampoco, Mexico, and to remain there until the American flag is saluted by the Huerta commander."

"Orders were also issued to the fleet to proceed at once to Tampoco, Mexico, and to remain there until the American flag is saluted by the Huerta commander."

PROBATION SUGGESTIONS ARE OFFERED BY JACKSON

Juvenile Protective Association
Secretary Returns
From Trip

Crawford Jackson, general secretary of the Juvenile Protective Association of the South, has just returned to his Atlanta headquarters after a trip to Lynchburg, Va., and through the Carolinas.

In the various cities which he visited, Mr. Jackson delivered addresses, assisted in enlarging the work of the Juvenile association and investigated conditions generally in connection with juvenile cases.

During this trip the need of helpful advice, Mr. Jackson has made the following suggestions to Juvenile court and probation officers:

1.—Start the juvenile court system with the first child coming before the court. If you are without a probation officer, begin voluntarily as Judge Lindsay did, by assigning sentence for a given period and placing the child during that period under a wise, patient and experienced probation officer.

2.—Work for the legal system, according to the law, and greater efficiency in all officers and persons who have to do with the juvenile system. Do not stop till you have a state which holds the wayward child, parents or other persons responsible to the court for contributing to the child's delinquency.

3.—Remember, as the best juvenile courts in the country have shown, that the success of this child-reformation system, the frequent personal touch of the big brother or big sister, who is this, and dismissing the child from court on good behavior is generally failure.

4.—The chief probation officer or one of his assistants should be present at the hearing of every child's case, and at least one probation officer should be paid a just sum by the city, county or state for dealing with each child.

5.—Lodge the chief of police, and through him all members of his force, as well as all other arresting officers, as soon as the child is arrested to notify the chief probation officer, so that the child will be brought for trial, also the parent or parents of the child, summoning or requesting them to come when his case is adjudicated.

6.—The court proceedings should be as far as possible like the regulations of a trial in a well-ordered home, that is, quiet and free from all criminals aspects and surroundings.

7.—In all cases where it seems advisable, and it does in most of juvenile delinquency, let the offender be served with a copy of the charges and some of the best of the charges become responsible for his appearance in court, to prevent his incarceration. A detention home should be provided where confinement is necessary.

8.—Find out the cause or causes of the child's delinquency, seek first of all to remove all such causes, then begin the work of training morally and otherwise, seeking in tactful and winning ways to get the child interested in things worth while.

9.—Make occasional and friendly visits to the home of the child, getting acquainted with all members of the family. Better conditions there will, of course, greatly help your youthful ward.

10.—Let the child understand that your relation to him, though authorized by court, is more brotherly and friendly than official. The average wayward boy has more or less sympathy for an officer on the law, but never toward a real friend.

11.—Be in touch several times a week with the child under your moral guidance. Daily is better, seeking in various ways to win him to your aid and right.

12.—Urge the judge and the arresting officer to turn over to the chief probation officer all minors of eighteen years and under, except in the most extreme case. Some boys at the age of eighteen are not as bad as others at ten or twelve.

13.—Ask for a long probation period, not less than a year, if the child is very wayward, so that you may have time to assist him to make good. If restored and uplifted before the expiration of the probation period you may so report to the court.

14.—Let there be, if possible, one probation officer (or big brother or sister) to each delinquent child.

15.—Let the occasion of the dismissal of the case from court be one of encouragement, joy and congratulation on the part of all concerned, but especially looking to the future well-being of the child.

16.—Don't lose sight of the child after his case is dismissed from the court.

MRS. ODEN APPEALS FOR POSSESSION OF CHILDREN

Claims Husband, Who Was
Granted First Verdict of Divorce,
Treated Her Cruelly

Alleging that her husband, despite her entreaties, left her alone in their house in East Point on the night their second child, Eulalia, was born, Mrs. Fatey R. Oden, against whom Amory L. Oden has been granted a first verdict of divorce, is now fighting in the superior court to keep Oden from getting possession of their children.

Mrs. Oden stated that without a fire, or fuel, or food, or an attendant she was left in their home in September, 1911, while her husband went to town. At midnight, suffering fearful agony, she says she crawled out of the house, across the lawn, and reaching up, managed to rap on the window of Mr. and Mrs. Purvine's house, next door.

Taking her back to her empty house, she says neighbors built a fire and cared for her. The husband did not appear until the next day, says Mrs. Oden, when a friend found him in town and brought him out to East Point.

Since then Mrs. Oden has been in the State Hospital for the Insane, at Milledgeville, having been committed by Ordinary Wilkinson in January, 1912. She was released in August, 1912. Brain fever, said the wife, set in shortly after the birth of Eulalia, and the trials of that night brought on temporary insanity.

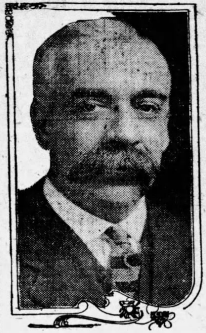

Tuesday the case came up before Judge W. D. Ellis in the superior court. The husband, having been given his first verdict on the grounds of cruel treatment, now wants the children. The wife, realizing that she cannot care for them as they should be cared for, does not ask the court not to give them to her, but asks that they be left with her mother, Mrs. R. A. Parkham. She prays the court not to give them to the husband.

The children, who have been shunted around from guardian to guardian by order of the court, are two pretty little girls. Aurelia is the eldest, four years old. The other is the three year old Eulalia.

The case was passed Tuesday at the request of Oden, who told the court that one of his most important witnesses, Patrimus D. Wood, who was ill, wanted to prove by Wood, he said, that the wife had been carried before Record or Brown after being arrested by Wood in a house on McFee street, and that damaging evidence as to her character was brought out in police court.

Hughes Roberts is attorney for Mrs. Oden. The husband is represented by Attorney Lavender R. Ray.

COFFEE URN EXPLOSION STARTS \$50,000 BLAZE

(By Associated Press.)
CULPEPPER, Va., April 13.—One man was killed, several were injured and damage of about \$50,000 was done by a fire that destroyed four of Culpepper's largest commercial buildings today. Carter Parr, 19 years old, nephew of L. B. Nelson, a local merchant, was killed by falling walls, and Robert Roston, 29 years old, was seriously hurt. Five other volunteer firemen were injured. The fire was caused by an explosion under the coffee urn in Betty Baker's resulting in the destruction of that structure and the row of buildings occupied by a bowling alley and the wholesale drug goods warehouse of A. L. Goodloe & Co., the Scollins theater and the Culpepper Harness company.

Card of Thanks.
Mrs. L. B. Williams has returned to her home, 21 Herwell street, from Carnesville, Ga., where the remains of Mr. Williams were carried for burial, and wishes to thank her friends for the kindness and sympathy shown her during the illness and death of her husband, L. B. Williams, and for the beautiful floral offerings received.—(Adv.)

Gentry, president of the Southern Bell Telephone company, the Cumberland Telephone and Telegraph company and of the Telephone Company of America, received many felicitations Tuesday on the sixtieth anniversary of his birth. Hundreds of friends offered him good wishes and from many he received handsome tokens of affection.

Two of the most beautiful gifts were from officials and employees of the Southern Bell Telephone company, some of whom presented him a handsome silver service and others a big grandfather's clock.

The expressions of love and loyalty which accompanied the gifts made them doubly appreciated by the genial "chief," as he is called by his men.

Tuesday night Mrs. Gentry will entertain in honor of Mr. Gentry's birthday.

Many Greeks appeared in police court and testified against Demopoulos. They stated that he represented himself to be Gus Bedouca, a well known Greek millionaire from San Francisco, and on the strength of this, he managed to induce in joy rides and other diversions at the cost of his friends.

Local Depositories Among First With Subscriptions to Federal Institution

The national banks of Atlanta have taken rank among the first in district No. 6 to subscribe to the capital stock of the government's new reserve bank on Thursday of this week the last of them will take favorable action on the recent notice from the controller of the currency and will file its subscription for stock. That will be the Fulton National, whose directors will assemble then in their regular monthly session.

The Lowry National's directors met on Tuesday for this same purpose.

The directors of the American National authorized the subscription from that bank late last week, and their application was the first from Atlanta to reach Washington. Colonel W. L. Peck, president of the bank, said it should have been received there Monday.

The Atlanta National directors, those of the Fourth National and the Third National, all adopted the required resolutions Monday, authorizing their subscription to stock in the reserve bank here.

TAILOR AND SOUL-MATE STILL CONFINED IN CELLS

Sam Scherman Leaves Wife and Children to Elope With Ester Lestair

Unable to speak much English except "We love each other," Sam Scherman, twenty-three years old, a Dane from Copenhagen, and Ester Lestair, twenty-eight years old, from Philadelphia, are locked up at the police barracks because Sam, with a wife and two children in Philadelphia, traveled over the country with Ester.

According to the story told by the loving pair, as far as it could be obtained through broken English, they decided a month ago in Philadelphia, that the fact that Sam was a married man did not matter, as they loved each other.

Sam is a tailor and Ester is an expert with the needle.

When they heard the wife was coming to the United States, they left for Chicago; leaving there, they arrived in Atlanta two weeks ago, where Sam started a tailor shop with Ester, as he lived at 121 Conally street.

Through an advertisement in a Yiddish New York paper, inserted by a Jewish benevolent society at the request of Mrs. Scherman, acquaintances of Scherman, who saw the paper in Atlanta, notified Chief Reavers. He sent the Special Officer, J. B. Chandler to the tailor shop Monday afternoon and had the soul-mate arrested.

WARNING: DON'T TEST PIPE BEFORE BUYING IT

The danger of pipe buying in Atlanta is pointed out to the public in a letter to The Journal from a stranger in the city, H. E. Wolf, of Detroit, Mich.

Mr. Wolf writes that he saw a pipe purchaser in an Atlanta cigar stand put six pipes in his mouth the other day, before he found one that suited him, the gleam being thrown into the case for the next corner. He was informed by the clerk that this is a common practice.

"The remedy for this evil lies with your board of health, which should issue notices where pipes are sold warning against the dangerous custom," suggests Mr. Wolf.

JOHNNY AIKEN FINED FOR SPEEDING MOTORCYCLE

Judas Bryson declared war on motor cycle speeders Tuesday morning when he fined the first case of the season \$15.75 and announced that others would be dealt a like fate.

The initial fine was drawn by Johnny Aiken, a well known Atlanta cyclist, who, instead of participating in the endurance run to Miami Sunday morning, as he was scheduled to be, was caught speeding toward Buckhead by Officer Andrews.

Aiken explained to the judge that the combination of the fine day, new tires and good roads could not be resisted as he "just naturally hit 'er up."

Held for Forgery

Arrested two weeks ago for passing checks said to be forged with the name of N. D. Eubanks, of the Woodward-Eubanks Mantel company, but released when Mr. Eubanks did not prosecute the case, J. E. Galsberg, sixteen years old, arrested again Monday, was bound over by Recorder Bryson for forgery and cheating and swindling.

LITTLE GIRL HAS LOST HER EASTER GUINEA PIG

Euna Mae Brooks, aged eight, of 74 East Mitchell street, has lost her Easter guinea pig and doesn't know where to find it.

Euna Mae's mother called up The Journal office and asked that any one who had seen the recent rodent since it disappeared from its home a few hours after Euna Mae got it Sunday, please advise at once.

A negro woman was seen to pick up the pig and walk off with it, stated Mrs. Brooks. The pig answers to the name of "Bunny."

Deafness Cannot be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedial treatment, which is caused by an inflammation of the mucous membrane of the ear.

When this tube is inflamed you have a "catarrh" of the mucous membrane of the ear. It is entirely closed (deafness) and when the inflammation can be taken out, and this tube restored to its normal condition, hearing will be restored forever. This cure can be had in a few days. Send for our circular, which will give you the full particulars for any case of Deafness (caused by catarrh) that cannot be cured by Dr. J. C. Cheney & Co., Toledo, O. Sold by Druggists. Take Hall's Family File for constitution.

WEDDINGS

Haner-Whitaker

An exceptionally pretty wedding was that of Miss Rita Stuart Whitaker and Mr. Carl Haner which was celebrated Monday evening at 8:30 o'clock at All Saints' Episcopal church, Rev. W. W. Memminger officiating.

The glad Easter-day gave the suggestion for the wedding decorations and accessories and was beautifully embodied in the great clusters of waxed lilies and white cosmos arranged about the altar interspersed with palms and ferns.

Preceding the nuptial hour the full vested choir rendered several selections of the human being. Dr. Griggs traced the wedding party entered to strains of the bridal chorus from Lohengrin.

The wedding attendants included Miss Louise Maser, maid of honor; Miss Katherine West and Miss Anna Bradford, bridesmaids; Mr. George Bauer, of Savannah, best man; Stanley Wing, Mr. Stratton Ward, Mr. Newton Wing, Mr. Walter Alchel, Mr. Homer Cook and Mr. Addison Martin, ushers.

The bride, who was given in marriage by her brother, Mr. C. Courtlandt Whitaker, was lovely in her wedding robe of white crepe tulle trimmed in real lace and enveloped with a misty tulle veil edged with point applique lace. She carried a shower of white orchids and valley lilies.

The maid of honor and bridesmaids wore dainty creations of white lace and pale colored chiffon, and carried Easter lilies.

An informal reception followed the ceremony, when a limited number of guests were entertained at the home of the bride's brother on Greenwood avenue.

Mr. and Mrs. Haner left later in the evening for New York, where they will make their future home.

Trimble-Benson

Mr. and Mrs. F. C. Benson, of Decatur, announced the marriage of their daughter, Bernice May, to Mr. William Archibald Trimble, of Birmingham, Ala. The ceremony was performed by Rev. Richard Orin Plinn at his home on East North avenue, Sunday morning.

Club Organized

The Sweet Sixteen club met Tuesday afternoon at the home of Miss Mary Graves on Juniper street.

Officers were elected as follows: Miss Amelia Mellichamp, president; Miss Elizabeth Scott, vice president; Miss Virginia Clarke, secretary; and Miss Mary Bell, treasurer.

Dr. Griggs Heard by Large Audience

Edward Howard Griggs, teacher, philosopher and deep student of social conditions, gave a wonderfully interesting lecture on "What is Progress?" before a large audience in Browning Hall Monday afternoon.

The speaker demonstrated very clearly that human progress cannot be measured by material wealth or by mechanical prowess. Neither can it be determined by the development of social refinement. Mankind progresses only as man becomes a better moral product, and in proportion as the spirit of genuine altruism pervades his thinking and his actions.

Beginning with the biological history of the human being, Dr. Griggs traced the development of the race up to the spiritual levels of today. The history of the race, he showed, is recapitulated in the child, a point which he illustrated most aptly by familiar facts of childhood and disposition.

Monday afternoon's lecture was the initial one of the group of three which Dr. Griggs has come to deliver under the auspices of the Alumnae association and the faculty of the Girls' high school.

This afternoon he will speak on "The Problem of Social Reform" and the evening at 8 o'clock on "The Social Ideal in Modern Civilization." These lectures will be notably worth hearing by all thinking people and especially interested in the betterment of educational and other social conditions.

Browning Hall is the auditorium of the Girls' high school on Washington street and it is there that the lectures will be given.

All alumnae of the school are expected to be present and a cordial invitation is extended to the general public to attend. Free admission to all alumnae of the faculty and the Alumnae association.

Famous For Her Hair

Actress Tells How She Grew It

Madame Rose, the well-known actress who played on one of the leading vaudeville circuits the past winter and who is especially noted for her long beautiful hair, in a recent interview at Chicago, made the following statement:

"Any lady or gentleman can promote the growth of their hair and make it soft and glossy with this simple recipe which they can mix at home. To a half pint of water add 1 oz. of bay rum, a small box of Barbo Compound, and 1-4 oz. of glycerine. Apply the scalp two or three times a week with the finger tip. This is not only the best hair grower I have ever known, but it prevents the hair from falling out, removes dandruff and scalp humors, darkens streaked, faded gray hair, makes it soft and glossy. The figure dimes can be purchased at any drug store at very little cost."—(Adv.)
